

THE PASO FOOD CO-OP

We're Starting.....

A Co-op Grocery Store!

Owned by Many, Open to All

Anyone can shop at the co-op, it looks like your favorite grocery store! And member-owners (anyone who invests in ownership) get benefits, plus have a say in what products are carried and how the business operates.

Supporting Local Producers

Co-op grocery stores carry more fresh, locally made products than conventional stores, and the money you spend at the co-op stays local too.
